John, *et al*,

One water sample for MCHM/PPH and VOCs plus a trip blank were shipped today for overnight delivery to OASQA Lab. The regional copy of the COC, which includes the airbill and sample info, is attached.

The remaining samples for DAS R34317 are scheduled to be collected tomorrow. We plan to hold the samples and ship them on Monday unless OASQA would prefer us to ship for Saturday delivery.

Dennis et al:

Please send the samples for R34317-CT6665 to our EPA Region 3 Laboratory here at the Environmental Science Center, Ft. Meade, Md. and notify the Region 3 Laboratory each day that samples are shipped. The info required is the DAS #, the number of samples for which analyses, and the FedEx Tracking Numbers. This can be done by phone or e-mail. Contact info:
